

ProSP-W1

CRYSTAL CLEAR
COMMUNICATION,
ANYWHERE.

TOTAL 360° CLARITY, NO MATTER THE ANGLE

Engineered to make your conferences more impactful with crystal-clear sound, the ProSP-W1 Speakerphone supports 360-degree omnidirectional audio pickup for seamless collaboration.

The speakerphone includes an 8-microphone array that works together to form a 360-degree omnidirectional microphone, ensuring every voice in the conference room is clearly heard.

With stunning build quality, it adds value to your conference table and is truly wireless.

Featuring advanced AI noise suppression technology and beamforming digital microphone technology, the ProSP-W1 ensures crystal-clear voice pickup.

Additionally, the Hi-Fi speaker delivers immersive voice quality, enhancing your overall conferencing experience.

Key Features :

- Incorporates cutting-edge AI Noise Suppression technology for crystal-clear audio.
- Offers seamless and versatile connection options, including USB.
- Delivers up to 8 hours of playtime on a single charge.
- Allows simultaneous pairing of two speakers to effectively cover larger conference rooms.
- Supports cascading connections for expansive conference room setups.
- Truly wireless for effortless setup and mobility.
- Beamforming digital microphone technology ensures crystal-clear voice pickup.
- Hi-Fi speaker delivers immersive voice quality for an enhanced listening experience.

Exceptional Noise Suppression

Background noises and distractions can hinder crucial business meetings. The ProSP-W1 Speakerphone features advanced noise suppression technology that effectively mutes unwanted sounds, allowing you to focus solely on the speaker. Enjoy a distraction-free meeting experience with the clarity and quality of our speakerphone.

Long-Lasting Battery Life

The ProSP-W1 Speakerphone is equipped with a powerful 4400mAh battery, providing up to 8 hours of playtime on a single charge. It features a USB Type-C 5V 2A charger that quickly powers up the device in just a few hours. Enjoy uninterrupted teleconferencing with extended battery backup for all your important meetings.

Effortless Connectivity, Enhanced Flexibility

The ProSP-W1 Speakerphone provides seamless and versatile connection options, including USB. Easily connect the device to your video conferencing system via USB. It supports simultaneous connections to up to two devices, delivering exceptional flexibility for all your teleconferencing needs.

Cascading Support for Large Conference Rooms

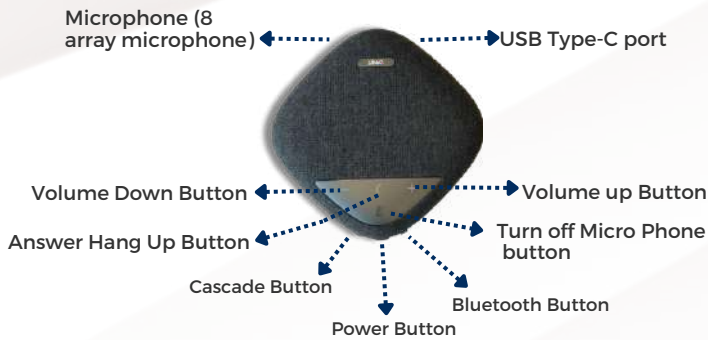

The ProSP-W1 Speakerphone allows you to cascade two speakers to enhance the sound coverage in larger conference rooms. Pairing two speakers takes just seconds, providing a more powerful and immersive audio experience. Enjoy an expanded audio range to meet all your conferencing needs with ease.

Intelligent Indicator Lights

With the ProSP-W1 Speakerphone, there's no need to worry about whether the device is on or off. The intelligent indicator lights make it easy to see the device's status on/off, mute/unmute, and idle/active. This feature allows meeting participants to quickly identify the speakerphone's status, ensuring smooth and efficient communication.

Product Details:

Connections:

- Support for multi-device connections

Specification:

Microphone

- Quantity - 8
- Voice Pickup Range - 6m
- Type - Digital microphone
- Frequency Range - USB: 100Hz~12kHz Bluetooth: 100Hz~7.5kHz

Speaker

- Sound Channel - 1.1
- Output Power - 5W+3W
- Maximum Sound Pressure Level - 78dB SPL@1m
- Distortion - <7% (80Hz~350Hz) ; <3% (351Hz~4kHz)
- ; <5% (4.1kHz~18kHz)
- Signal to Noise Ratio - >75dB
- Frequency Range - 80Hz~18kHz

Battery

- Type - Lithium-ion battery
- Battery capacity - 3.7V/4400mAh

- Battery charging - Wired: 5V/1A
- Continuous working time - 8 hours

Bluetooth

- Version - BT5.3
- Operating Frequency - 2.4GHz
- Operating Distance - 10 m

Accessory

- USB Cable - x1
- USB dongle - x1

I/O ports

- Interface - USB Type-C
- Button - Physical buttons, Touch buttons
- LED Indicator light - Light bar LED
